

NEW

GARDEN LIGHTS

60W

Features

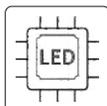

GARDEN LIGHTS **NEW**

- The Main Body Of The Lamp Head Is Made Of Die-cast Aluminum With High Impact Resistance
- The Surface Of The Lamp Body Is Treated With Anti-corrosion Electrostatic Spraying
- The Light-transmitting Cover Adopts A Light-diffusing Pc Cover, Which Emits Even And Soft Light

IP65 Waterproof Rating

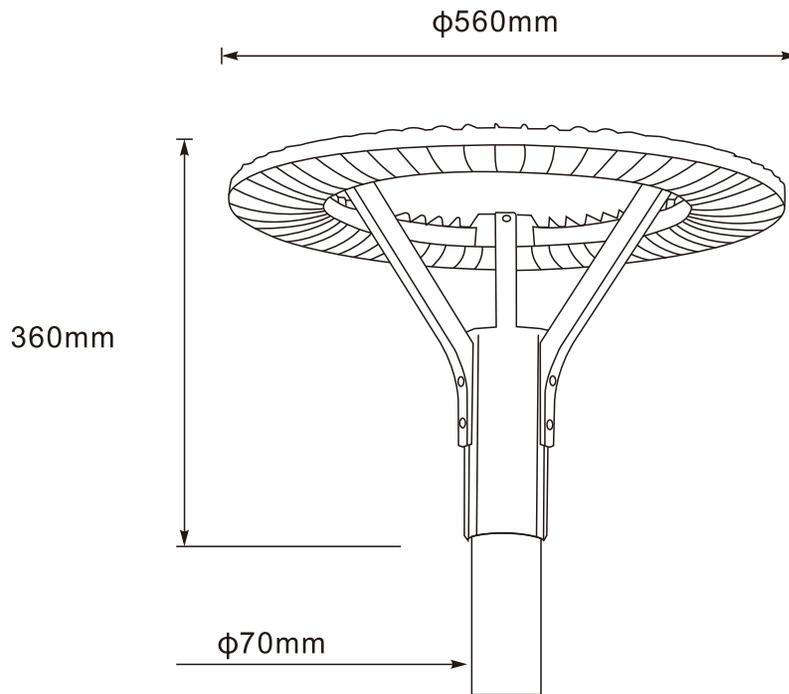

Led Chip

Led Garden Light

Multiple perspectives / parameter

Model	SH-MZ-60W
Wattage	60W
Lumen Efficiency	120lm/w
Total Lumen	7200lm
Chip Brand	PHILIPS
Chip QTY	144PCS
Driver Brand	SHOMO'O DUBAI
Power Factor	>0.95
Voltage Range	AC 100-277V
Insulation Class	class I/11
CCT	3000K
CRI	>70
Working Temperature	-25°C ~ 60°C
Install Height	3-6M
IP class	IP66
IK Class	\geq IK08
Lifetime (Hours)	>50000 hours
Material	Die-casting Aluminium
Install Height	3-6m
Installation Pipe Diameter	$\phi 60-70\text{mm}$
Net Weight	560*560*360mm
Lamp Sizes	3.50 KGS
Gross Weight	5.50KGS
Carton Size	47*47*48cm

Features & Functions

LED60W
Al Aluminum Shell
LED Electronic Driver

**PHILIPS
LED CHIPS**
High quality LED chips, delivering high luminous efficiency up to 120lm/w

Acrylic lampshade

Not easy to break and has good light transmittance

Aluminum lamp body

Anti-corrosion and rust-proof, long-lasting and durable

The one-piece structure

Eliminates the joint gap, and with the double-layer silicone seal, the core component protection level reaches Ip68

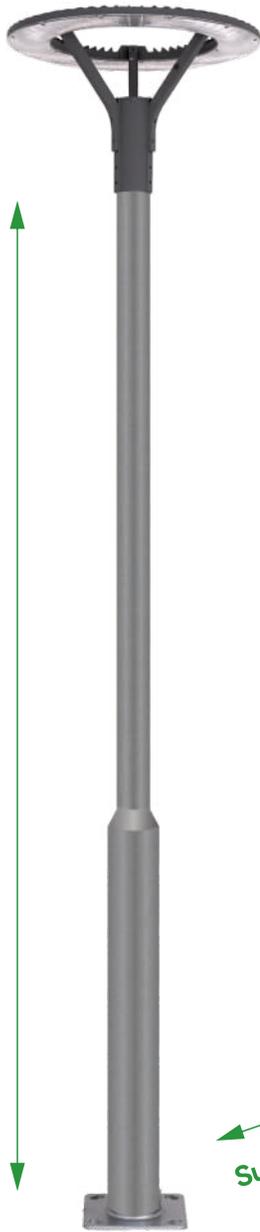

High-efficiency heat dissipation design

Adopts die-cast aluminum alloy material, and multi-layer wavy heat dissipation fins are designed on the back of the lamp body to ensure long-term stable operation

PRODUCTION PLANT STRENGTH GUARANTEE

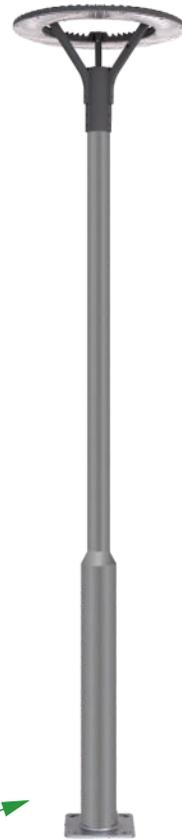

Application Scenario

3-6M

Suitable for
installation
height 3-6M

Suitable for installation distance between 20-30 meters
